ANCIENT GRAINS

EINKORN & EMMER

Bread has been the staple food of mankind for thousands and thousands of years. Nowadays, each culture can choose from an infinite variety of unique flavours and mouth-watering recipes. However, no matter where they are from, all breads in the world share a common history, a common starting point – true ancient grains - Emmer, Einkorn and Spelt. The names of ancient grains may sound unfamiliar to most of us although they had nourished our ancestors for centuries and also played a vital part in the history of baking.

ANCIENT GRAINS ULTIMATE 16KG

- 50% base, only add flour, yeast and water
- Contains true ancient grains, Einkorn and Emmer
- Features a high amount of visible seeds
- Additional premium ingredients like spelt sourdough and baker's honey
- Serves the consumer trend for traditional food with true flavours
- Size: 16kg

Important Customer Information: To achieve a high level of health protection for consumers, the buyer is advised that products supplied from BAKO North Western are produced/retailed in line with stringent current guidelines. It is the sole responsibility of the buyer that products which may contain allergens or products which may cause intolerance's be manufactured/retailed in line with current legislations.

Disclaimer

Please be aware that the information provided within our publication is for guidance only. Please request a copy of the specification or refer to the product label for confirmation of allergen content.

This refers to products that have been Kosher certified. Many products in the guide will be suitable for a Kosher diet but only those with a K will have a certificate. Certificates can be provided on request.

This refers to products that contain gluten at a level less than 20ppm. However this would not implicitly suggest that the product/ingredient has been tested for gluten by the supplier as they may have taken this as a recipe absence. If you wish to use such an ingredient in a product you are manufacturing and wish to make a claim we strongly recommend you carry out all necessary due diligence to substantiate that claim. Products that include Gluten Free in the title should have been validated by the supplier accordingly.

This refers to products being suitable for Vegetarians.

This refers to products being suitable for Vegans. Whilst some suppliers have made a declaration through the product recipe, there is a growing requirement to avoid any risk of cross contamination (product animal derived ingredients). Products that include Vegan in the title should have been validated by the supplier accordingly.

Please note we may offer an alternative product if your order is unavailable. In such circumstances please request a copy of the specification or refer to the product label to ensure the allergen content meets your requirements.

The allergen requirements highlighted within the guide are provided for general information only. It is not intended to amount to advice on which you should rely. You must obtain professional or specialist advice before taking, or refraining from, any action on the basis of the contents of this document. We make no representations, warranties or guarantees, whether express or implied, that the contents of this allergen information is complete or up to date.

*The Elle & Vire Professionnel[®]
Excellence Whipping Cream brings
stability and creamy texture.*

In this recipe, its neutrality of flavour allows
the infusion of the roasted coffee beans
and the orange zest to come through
and work with the dish beautifully.

Quality Assurance

At BAKO Ltd we take great pride in our business and continually aim to achieve the highest Quality standards.

- Our accreditation to the B.R.C Global Standards for Storage & Distribution exemplifies our high standards of due diligence and food safety. We are fastidious about food hygiene, food labelling and safe storage, ensuring that our customers always receive product in optimum condition.
- Full traceability, forward and backwards, is maintained through our integrated I.T System. The use of barcodes and lot numbers guarantees that we are able to trace a product back to its source.
